FamCamp length of stay policy:

Customers are allowed to stay up to 30 days before the following policy is implemented. If FamCamp is full and a new guest arrives, the camper that has stayed the longest (over 30 days) will be asked to move to dry camp for a minimum of 24 hours and/or until another space opens. Once you have been in dry camp or out of the camp for a period of 24 hours, your stay clock will reset. If that is not acceptable and you choose to leave, a refund for any unused nights may be issued by the Camp Host or the ORC. At no time will residency be established.
