

Fairchild Inn Bettering Your Stay

VQ

TLF

Now you can stay connected with ease at the Fairchild INN. They recently underwent a complete telecommunication infrastructure upgrade of its telephone, internet and cable lines. The upgrade replaced existing wiring with fiber-optic to all 284 lodging rooms. It also increased the WiFi capacity by 300%. The entire infrastructure Project was valued at \$1.8 million.

Lodging also upgraded 23 Visiting Quarters (VQ) with new paint, carpeting, window treatments and all fabric covered furniture to give it that fresh new look.

Coming Spring 2017, Lodging is completely refurbishing all 25 units in the Multi-bedroom Temporary Living Facilities (TLFs). These rooms will undergo a complete transformation with new carpeting, paint and upgraded lighting. The upgrade also included all new furniture, artwork and window treatments. All this to help you feel more at home at the Fairchild Inn.
